Yearly Accounting Service Fee

This service is suitable for companies that are not VAT-registered and have no business operations during the year, with only a few transactions such as interest income, accounting service fees, and audit fees.

Our yearly accounting service includes

- Bookkeeping and preparation of financial records
- Preparation and submission of half year and full year corporate income tax (PND51, PND50)
- Annual financial statement preparation and submission to the Department of Business Development (DBD), which is required by Thai government
- Audit service

The total fee is THB 21,000, which is broken down as follows:

Service	Service fee (THB)
Accounting and tax services	13,000.00
Audit services	8,000.00

In case there are operations and the company is not VAT registered, the yearly accounting service fee will need to be discussed separately.
